

Council of European Professional Informatics Societies

About CEPIS

The **Council of European Professional Informatics Societies (CEPIS)** is a non-profit organisation seeking to improve and promote a high standard among informatics professionals in recognition of the impact that Informatics has on employment, business and society. CEPIS represents 36 Member Societies in 33 countries across greater Europe.

Publications

CEPIS produces [UPGRADE](#), the European journal for the informatics professional. This bi-monthly technical e-journal is freely distributed and read by thousands of ICT practitioners and academics. [Click here to subscribe to UPGRADE](#).

CEPIS also produces a [monthly newsletter](#) on European and member society activities and events. In addition, we publish a number of reports and statements on an annual basis.
